QUALITY POLICY

The Quality Policy of the laboratory of "EDAFOMICHANIKI ATE" constitutes the cornerstone for achieving the laboratory's objectives.

The laboratory is committed to the development and implementation of an appropriate Quality Management System, with the aim of ensuring the quality of the services provided and the validity of test results, which will continuously comply with the requirements of the Hellenic Accreditation System (ESYD) and the International Standard ELOT ISO/IEC 17025, for the tests that fall within the laboratory's scope of accreditation.

The laboratory is committed to providing high-quality and reliable, correct, and adequate analytical results, aligned with customer requirements and without discrimination to all interested parties, within the framework of its responsibilities and activities.

All tests are performed in accordance with specified standard methods that have been proven reliable and formally accepted, based on the latest scientific data.

The laboratory conducts its laboratory activities always in a scientifically and professionally sound manner, which ensures independence of judgment, impartiality, integrity, confidentiality, and secrecy.

The laboratory personnel are not subject to any commercial, financial, or other pressure that could affect technical judgment and the results of their work. All involved laboratory personnel are kept informed of the Quality Management System documentation through the implemented procedures, which they apply daily in their work.

The Laboratory Management is committed to the continuous improvement of the effectiveness of the Quality Management System, practices, procedures, and the services-tests provided, by providing personnel with the know-how and all necessary means, aiming to ensure full customer satisfaction and compliance with legislative requirements.
